## Languages

Spanish: Native

English: B2

## Professional Profile

Systems Engineer with a focus on front-end development. Experienced in implementing attractive and functional user interfaces using HTML, CSS, JavaScript and React. Excited for the opportunity to apply my skills in a dynamic work environment, bringing creativity, teamwork and a strong focus on problem solving.

## Education

Bicentenary University of Aragua.

San Joaquín de Turmero

Systems Engineer

10/2019 - 06/2023

## Technical Skills

HTML5   CSS3   JavaScript   React   Git y GitHub

## Personal Projects

### Frontend Mentor Projects

- Completed a series of design and front-end development challenges, improving my skills in HTML, CSS and JavaScript.
- Developed responsive user interfaces optimised for different devices.
- Implemented animations and interactive effects using CSS and JavaScript.

### Roadmap.sh/frontend Projects

- Solved a variety of common problems ranging from connecting to a Github api rest to creating a temperature converter.
- Used libraries like React to control states and reuse components.
